

Dear FCC:

We are subscribers of XM Satellite Radio and we benefit greatly from the traffic and weather channels. We enjoy all the different varieties of entertainment that XM Satellite Radio provides us. We pay for these services and it shouldn't be up to the NAB on what we listen to. We respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that we demand and deserve.

Thank you.
